SERVICES OBJECTIVE

International Marine Consulting Services which promote integrity, proactive, timely, innovative and accurate exchange of information to clients. Target clients include recreational yacht and small craft, financial institutions, and insurance claims work. Expert witness services for applications of Infrared Thermography to Marine Surveying. Services available are listed at internet site www.allinson.com

MARITIME EDUCATION

Chapman's School of Seamanship, Stuart, Florida

Yacht and Small Craft Surveying

July – August 1998

Received 180 hours in theory and field experience in Hull Design & Construction, Support Systems, Propulsion & Auxiliary Systems and Business, Professional & Legal Considerations. Graduated with honors.

University of Florida, Gainesville, Florida

Degree: Bachelor of Science (BSc) 1975 College of Agriculture

Major(s): Agriculture and Microbiology

University of Florida, Gainesville, Florida

Degree: Postgraduate work in Environmental Engineering Sciences 1975-1978

Major: Environmental Engineering Sciences

Other Educational Training

Seminars and Continuing Education to maintain Insurance Adjusters License all lines in the State of Florida

Seminars and conferences for Marine Surveying for maintaining Accreditation for Marine Surveying and Certifications in Infrared Thermography

Business courses and seminars related to computer information systems and human resource management, e.g. the American Management Association, Richard Covey Leadership and Seven Habits of Successful People.

MARINE PROFESSIONAL EXPERIENCE

ALLINSON INFRARED INSPECTION SERVICES (AIRIS), INC.,
JACKSONVILLE, FLORIDA, USA

President

2003- Present

Infrared Thermography Consulting Services, specializing in Marine Applications

J.N. ALLINSON ASSOCIATES, INC., JACKSONVILLE, FLORIDA, USA

President

1997- Present

Infrared Thermography, Marine Consulting Services, Yacht & Small Craft Surveying, Sailing Instruction, Computer Consulting

ADDITIONAL PROFESSIONAL EXPERIENCE
